THE BEST PRESENT

EPHESIANS 4:6 - "One God and Father of All, Who is above All and through All and in You All".

As a prisoner during the second World War I learned many lessons, one of which I will never forget. It is the wonderful fact that Christians can live together in such a camp despite their coming from more than 21 different churches. Those Christians formed a mighty unbeatable unit in Christ's army and they were always the most optimistic prisoners that I have ever met. Particularly in one camp, situated in the far East, was there a delightful example of how all kinds of Christians can live and work together. The Protestants in this camp didn't have any minister or elder. There was nothing to remind them of their own Church which during their freedom was their only spiritual rock on which they could depend. There was not even any desire to have debates regarding the enumerable ecclesiastical dogmas, which seems to keep us alive during our freedom. The Roman Catholics also did not have a Priest or anyone who had authority to act as a leader. It was really a camp without spiritual leadership. Yet in this situation a Roman Catholic layman and a Protestant layman came together and I will never forget what they said after heartily shaking hands - "We have one God and Father. Let us worship Him together." From that moment the Protestants and Catholics had their services combined and they were attended by everyone and it brought a tremendous spiritual power and belief in this camp.....

Of course, as expected, the Post war brought all of us automatically back again into the Church we were brought up in. But, we still keep in our hearts, not the differences which separate us as Christians, but keep Only Those Which Unite Us!!!.....

Are we as Christians in St. Albert living by thoughts which separate us or by those which unite us? Are we broadminded servants in the army of Jesus Christ, or are we narrow-minded putterers? We were so glad over what happened Sunday afternoon during the farewell reception in honour of Father Tardif. I informed Father Tardif that during the Morning Service in the St. Albert United Church the Minister, Dr. E. R. Schwarz had officially announced this farewell reception for Father Tardif so that the members of his Church would have the opportunity of attending same. The reaction of Father Tardif was "This is the best present that I have received today." Is it not wonderful to live in a town like St. Albert where we have such broadminded spiritual leaders who can be happy because their brother has not forgotten him or the mighty things which unite them. Let us in St. Albert from different Churches watch each other very carefully, not for the purpose of criticism, but only with one thought "What Can We Do For Each Other?"

To live and do so will be "THE BEST PRESENT THAT WE CAN GIVE IN HONOUR TO THE ONE GOD AND FATHER OF ALL!"

Dr. Schwarz is no stranger to this part of the world. He was born in Edmonton, the son of the late Mr. and Mrs. E. R. Schwarz, and attended school there, graduating from Victoria High School. He attended the University of Alberta, where he obtained his B. Ed. degree, and later attended St. Stephen's College, obtaining his B.D. Post-graduate studies at

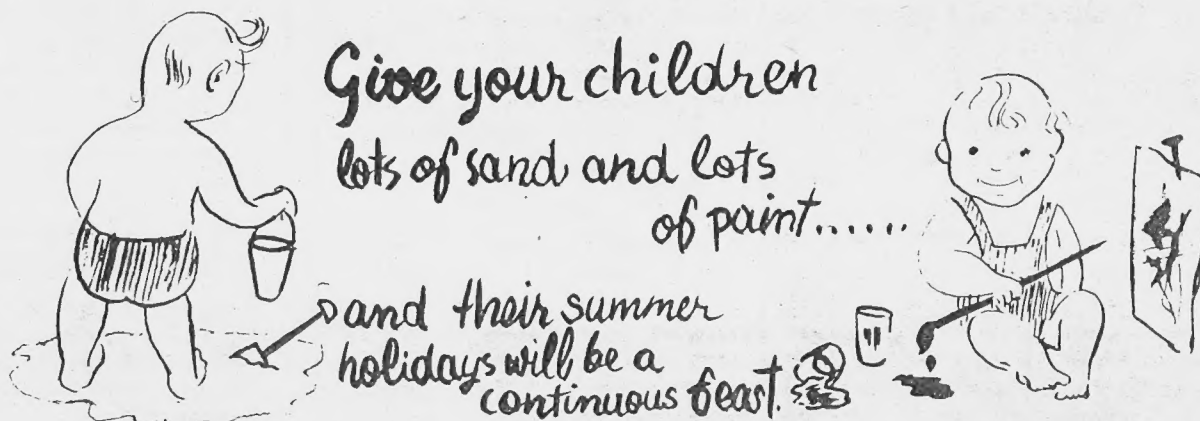

Southern Methodist University in Dallas, Texas led to his S.T.M., and he later earned the degree of Ph.D. from the University of Boston. As a student he served congregations in Sunnynook, Beverly, Lac La Biche, and the Congregational Church, Boston.

His ordination took place at Alberta Conference of the United Church in Red Deer in 1957. Dr. Schwarz married the former Miss Mary Vas in Edmonton in 1954. He is a former Lieutenant in the Royal Canadian Naval Reserve.

FATHER TARDIF

Reverend Father E. Tardif, who is leaving St. Albert to go to Pincher Creek as Parish Priest, was honoured on Sunday last at a reception in the Parish Hall. A large number of people gathered to bid "good-bye" to a very popular pastor and to extend good wishes for his future work.

Presentations were made by the parishoners, Knights of Columbus, Altar Society, Grandin Club, Boy Scouts, Air Cadets and Canadian Legion.

Among the guests we noticed Rev. Dr. and Mrs. E. R. Schwarz of the St. Albert United Church.

Later in the afternoon tea was served by the Ladies of the Altar Society.

THE VOICE OF OUR GAZETTE DOCTOR

Send your Medical Questions, only of general interest, to our Post Box No. 569, St. Albert.

QUESTION: Should enlarged tonsils be removed?

ANSWER: Enlarged tonsils are not an indication for removal. One may have grossly enlarged tonsils which cause no symptoms except for an occasional episode of tonsillitis.

The tonsils and adenoids are usually removed at the same time. Usually these tissues are re-

moved when one has repeated bouts of tonsillitis, ear infections, or if one shows evidence of hearing loss. Mouth breathing and snoring at night are usually an indication that the adenoid tissue is hypertrophied and these should be removed.

He married Ellen Cowan in Vancouver in 1955 and worked for Muttart Builder's Supplies Ltd. and Engineered Buildings Ltd. He was a member of the Professional Engineers of Alberta and was employed with the city for several years. He was active in the Kenne Club of Edmonton.

Mr. Millar is survived by his widow, a daughter Janet at home, his parents - Mr. & Mrs. Harry Millar of Edmonton and one sister - Miss Dolores Millar of London, England.

STAN HODGSON

Not everyone has a prepaid ticket on the fastest jet-liner from Edmonton to Toronto given to them with the pleasant responsibility of flying a new two-seater aircraft home.

Mr. Stan Hodgson of 37 Belmont Drive considered the offer a chance of a lifetime when he was asked by the Edmonton Flying Club to pick up an eight thousand dollar Piper Colt at Hamilton and fly it back to Edmonton.

The 2200 mile trip took 3 hours by jet from Edmonton to Toronto and 23 hours flying time and five and one half days on the return trip.

"The view is everchanging...."

On the trip home Mr. Hodgson ran the gamut of weather conditions; ground fog, industrial haze, low ceilings, rough air, head winds and heavy thunderstorms. After crossing south of Lake Superior he was working west against extensive rains from the prairies.

Mr. Hodgson highly recommends flying as a good way to see the country. The view is everchanging from desolate countryside to rich farmland, from the most primitive of roads to super-highways. The area between Regina and Saskatoon impressed him most because of the very bad drought conditions.

A warm enthusiastic fellowship exists among flyers he soon learned. The twelve stops covered four states - Michigan, Wisconsin, Minnesota and North Dakota and four provinces - Alberta, Saskatchewan, Manitoba and Ontario.

When the time came for Mr. Hodgson to deliver the Piper Colt to the Edmonton Flying Club it was like parting with a tried and true friend. The kind that sees you

through all kinds of weather.

Mr. Hodgson does not feel that he would like to see the ever-changing view from the altitude of a space capsule. But cruising at 90 miles an hour at an altitude of 3000 feet in a Piper Colt from Hamilton to Edmonton is his idea of a flyer's Elysian Fields.

Betty Millman.

THE CHAMBER OF COMMERCE - ITS POLICIES

From time to time you have read or heard what The Canadian Chamber of Commerce may have said about taxation or immigration or unemployment or some other subject of national importance. It may never have occurred to you that what The Canadian Chamber of Commerce has said on the subject under consideration is of importance to you as a Canadian citizen. As a matter of fact, it has very real significance. The policy of The Canadian Chamber of Commerce upon which the statements of that organization on current questions are based was formed by forward-looking citizens from almost every walk of life, in hamlets, villages, towns and cities, from all over Canada.

The reason statements and declarations of The Canadian Chamber of Commerce make the headlines and are listened to by government is that they are recognized as a cross-section of opinion. The views expressed are not the views of any one segment of business. They don't represent big business or special interests. They are views and opinions stemming from policies which have originated in Boards of Trade and Chambers of Commerce in more than seven hundred and fifty communities in all ten Provinces as well as the Yukon and Northwest Territories. The Canadian Chamber of Commerce is simply the national voluntary federation of these community Boards and Chambers. In turn, Boards of Trade and Chambers of Commerce, at the community level, are voluntary organizations of citizens - merchants, traders, brokers, mechanics, farmers, manufacturers, bankers, doctors, lawyers, and the rest - who are interested in the promotion of the civic, commercial, industrial and agricultural progress of the community and district in which they live.

At the Annual Meeting of The Canadian Chamber of Commerce, representatives of Boards of Trade and Chambers of Commerce from all across Canada meet together and develop policies on matters which are national in character, timely in importance and general in application to the economic and public welfare. What comes out of the Annual Meeting, after being subjected to the fire of constructive criticism and hammered out on the anvil of public debate, are the policies which are promoted throughout the year in the interests of all Canadians.
